### BUSINESS TAX BILL SIGNED

SACRAMENTO, March 1 (UP).—A measure providing a four percent tax on income of banks and business corporations with a ten percent offset to small business was signed today by Gov. C. C. Young.

As a result of one of the most important tax measures of the present session was completed in the required time to be effective this year.

This law has been pronounced extremely liberal by those familiar with such legislation, the governor said as he affixed his signature to the bill.

Both houses of the legislature adjourned late in the day until Monday after one of the quietest days since they convened two weeks ago.

### Officer Involved In Shooting At Pittsburg Gone

PITTSBURG, March 1.—James Stepp, merchant, patrolman who shot Juan Contreras in Pittsburg on suspicion that he had stolen a pair of shoes, has disappeared without notifying Chief of Police Charles Scudero.

A new officer has been assigned to Stepp's duties by the Merchant Patrol agency of Oakland. Chief Scudero has received a request from Robert Quire, Mexican consul at San Francisco for a full report of the shooting.

### March Makes Grand Entry As Sun Beams

IN LIKE A LAMP there is no question about it, and OF LIKE A LAMP according to the old adage, it is too early to predict how March will make his exit, but it certainly made one grand entry yesterday as a clear, warm, smiling, woolly, innocent lamb.

And believe it or not, the first straw hat of the season made its appearance on Washington avenue today by one of those daring souls who thought tradition and wears his garb to suit the weather. And yesterday certainly was straw hat weather.

Youngsters in bathing suits made their appearance on city lawns while the water under eaves trickled away making untold showers and swimming pools in the front yard.

Shirley blossomed forth in outcries and remarks of "really a whopper for this time of the year" were the pass-words of the day.

### PEKING UNDER MARTIAL LAW

SHANGHAI, March 2.—UP—Martial law was declared in Peking today after a clash between rebel and Nationalist government troops in which scores were reported to have been killed.

The insurrection was started by former northern soldiers whom the Nationalists had enlisted.

The recent revolt in Shanghai was a misunderstanding made by Nationalists suspicious of the loyalty of the northern soldiers, and it was decided to disband them last night. The fighting ensued but the authorities apparently had it under control today.

### BUILDING PERMIT

W. W. Bell was issued a permit by City Building Inspector Arthur J. Hurley yesterday for the construction of a garage between Eleventh and Nineteenth streets on Nevin avenue. The structure will cost \$150.

## THE FUTURE OF COOLIDGE

Ex-presidents have been left to solve for themselves the problem of what to do. Their prestige would entitle them to mow down profits in commerce and finance and in the professions for which they happen to be fitted. But there is something that holds them back from connections that are too obviously commercial.

President Coolidge who happens to be a lawyer, although it's a long time since he worked at it, has been suggested for the supreme court. Doubtless he could serve there with some credit to himself and to the office, but we doubt if he will take such a post. He is in excellent trim, full of a quiet, forceful energy, and he will prefer some more active participation in the current affairs of the country.

Modern America has unofficially created new ways to profit for those who have distinguished themselves by personal achievement or by accident of fate. There are at one end of the spectrum of jobs the testing of cigarettes and the recommending of laxatives. Men and women whose names and faces get into the news can always sign on with any of a thousand big advertisers at fancy figures.

The proper way to provide for an ex-president not so weary of the struggle or so well provided with wealth as to desire retirement, would be to create a sort of council of elders. France has such an affair, with a means of paying its statesmen for their experience and their guidance. England does well by its public officials.

We risk a guess, however, that Mr. Coolidge when he becomes a plain citizen once more, will make up his mind what he wants to do, and will announce it in due time without unnecessary verbiage.

## THE DOG STAR

According to the billboards Rin-tin-tin has made his debut in the talkies and is a great success. His voice registers superbly. This ought to help the industry a lot. If this dog has such lovely registry why not let him do all the talkies? Anyhow, it might be a great improvement over what we have now. Left to himself Rin-tin-tin would be glad to act nine hours a day for about \$3 worth of hamburger a week. He fairly eas it up—both the acting and the hamburger. This should make a great saving at headquarters and cut down the high cost of our entertainment. Also it seems that there are at least four lovely pups in the Rin-tin-tin menage so that the profession may gain some whole some recruits. We are in favor of bigger and better talkies—for Rin-tin-tin. We are talking about the dog star. So this is supposed to be Sirius—*Los Angeles Times*.

The Detroit Free Press says Schubert would have been astonished at the mass of editorial matter written about him. He might also have felt mild surprise at some of the music composed in tribute to his memory.—*Rochester Democrat and Chronicle*.

We have a sneaking idea that if any of these European diplomats believes President Hoover is going to play Santa Claus, he is doomed to disappointment.

It is reported that the King of Afghanistan lost his throne on account of the modern clothes which his wife wore. Probably it was on account of the clothes she didn't wear.

We could make a pretty good deal if they would only let us trade in the old car at its sentimental value.

It is said that China faces a fifty million deficit. What China needs is a Secretary Mellon.

## TROOPS PURSUE MEXICAN BANDIT

MEXICO CITY, March 1. (UP)—Federal troops were sent in pursuit of bandits who burned a freight train en route to the capital between the stations of La Parra and Alvarado yesterday, dispatches to the newspaper office said today. The bandits were operating in the Cuernavaca district, where American Ambassador Morrow has his home, the dispatches said.

Federal troops were sent out from Cuernavaca headquarters. Railway officials here declined to give out any information as to the attack but it was learned that traffic to Cuernavaca had been suspended until the wrecking train could be sent out from the capital.

The bandits robbed the train crew of money and watches before burning the train.

The attack, according to the dispatches from Cuernavaca, presumably was directed by Benito Mondragon, who is the most feared and dangerous outlaw leader in Mexico since the execution recently of the bandit chief Maximiliano Viguiera.

The highway on which General Carlos A. Lindbergh and members of the Morrow family traveled last week and was scheduled to travel again tomorrow, crossed the Cuernavaca railway in four or five places.

It was recalled that Lindbergh and Ambassador Morrow recently have traveled the Cuernavaca road without an escort. A military guard probably will accompany them on the trip to the Morrow home tomorrow, it was believed.

## SETTING FOR MUSOLEUM INSPIRING

The setting of Sunset Mausoleum in the inspiring Berkeley hills has impressed the many visitors to the community memorial. The monumental and massive building is on a gentle slope high in the hills and there is an unobstructed outlook to the Golden Gate with a panoramic view of seven surrounding counties. The trees, lawns and lawns of Sunset View Memorial park are immediately in front and it makes a most ideal site.

The peaceful and secluded spot is still accessible to all parts of the San Francisco Bay region. Turning off San Pablo avenue to Fairmount avenue in El Cerrito provides a direct route and there is the scenic way out Alameda avenue, turning down Street drive, which is no road.

Sunset Mausoleum stands in the hills as a monument to the setting sun, from which it derives its name. It is a place where all parts of the bay region meet at night when it is illuminated by the light of the moon.

The scenic country of the Roman Travertine is set of red rock and makes a most impressive entrance. The imported marble in the interior provides a most impressive entrance. The imported marble in the interior provides a most impressive entrance.

## Killer Of Doe Arrested By Game Deputies

SAN FRANCISCO, March 1. (UP)—Adolph Sosa, a 30-year-old Vallejo man, was arrested today by game law deputies on a charge of killing a doe near his home place.

Sosa, a veteran fish and game enforcement officer, says he has been trying for several years to catch Sosa. When the information and the carcass of the doe was brought into court, Judge H. J. the magistrate, did not have time to assess the \$500 fine.

He allowed Sosa until the tenth of this month to pay, but gave him until a lecture and paying the game law. Sosa, a brother of Adolph, had been \$500 for possession of a female doe. His fine was reduced, however, to \$100, as he had nothing to do with the killing of the doe.

"These arrests and fines show that the laws which are made to protect the game of California must be obeyed. The fine levied will likely convince these violators that it is a costly stunt to kill does," Edward McConnel, chief of patrol, declared when he read Sosa's report.

## School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. It works so easily every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

## To the Week-End Motorist!

The undersigned, charged with the obligation of handling automobile traffic on San Francisco Bay, wish the public to know that every available facility is now enlisted on behalf of quick and convenient week-end ferry transportation.

There are only two seasons in California—a kindly winter and a glorious summer. Our summer has come upon us this year at an unexpectedly early time. With this early summer season comes the week-end lure of Out-of-Doors.

Steps are being taken to unite the companies engaged in the automobile ferry business on San Francisco Bay. But meanwhile we desire to assure the public that we are fully equipped to handle all the traffic that takes advantage of these unusually early week-ends of California sunshine.

The field here has been in bad shape and all practice sessions were held in lots that made fly catching an art, no less.

Pitcher Stars  
Accamazzo, local chucker, can be handed the big hand of the day. Besides sending seven men to the bench via the strikeout route, he strode to the plate and in three trips knocked down the garden wall with a homer, got a triple and decided to call it a day, striking out in the last inning. Pinto, local second baseman did his bit. He faced the Berkeley chucker three times, collected a sacrifice and two hits and crossed the plate o.k.

Two errors and a single brought in the first run for the local lads in the first inning. Weeks went through to first when Quinn misjudged his bingle and went to second on Maylie's bingle and scored on Pinto's single.

Two Runs Scored  
Berkeley was unable to score in the first and second innings. Two runs crossed the plate for the local boys in the second inning. Goldsworthy made first on an error by Kern and Accamazzo brought him home with a fence buster, crossing the plate a few seconds later.

Berkeley came back in the third inning to break into the scoring column with three runs. Gruwel singled and Quinn followed. Kern hit safely, scoring Gruwel. Kern going to second. Kern made home when Martin followed with a short bingle. Turney drew a free pass and Lund singled to drive in the third run. Joost struck out, Anderson flied to Maylie and Brennan went out. Weeks to Roundtree went out the inning.

Three in Third  
Richmond came right back to score three runs in the last of the third. Weeks went to first on Quinn's error. Maylie hit safely. Pinto got a single. Baskett sacrificed and Roundtree was safe at first on a fielder's choice. Weeks, Maylie and Pinto crossed the plate during the inning. Gruwel collected a three bagger and went home on a long sacrifice fly to score a run for Berkeley in the fourth canto.

Richmond got two counters in the last of the fourth. Accamazzo collected a triple and was sent home by San Miguel's single. Weeks hit safely. Maylie took the count and Pinto slammed a long one to score San Miguel. Gordon and Baskett flied out to end the inning.

Accamazzo handed out three Berkeley Scores  
Accamazzo handed out three strikeouts and a walk in the fifth inning while Richmond was unable to cross the plate in the last of the fifth.

In the first of the sixth Anderson walked, went to second on Rosano's error and scored on Gruwel's two bagger. The game was called at the end here tonight.

## A startling development in home lighting—

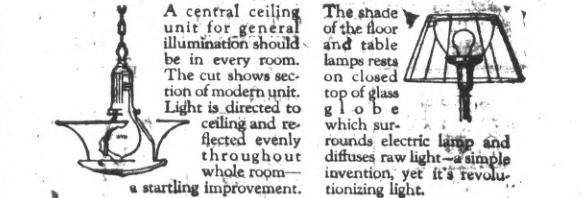

7502  
D. G. and E. customers have adopted it

NO one can ever forget, after they've tried them, the smooth light from these new Duplex lighting units. It's the diffusion and correct control of light that makes the difference. Raw light is broken up. Mellow'd. Spread throughout the whole room. An opal glass reflector under the lamp shade does this. The pleasant light gives new life to furniture. Clear color to draperies. In this light, friends love to linger for all can clearly tell "spades" from "clubs". There are no glaring bright spots in the room. Or murky dark spots to cause squinting and eye-strain.

Lighting engineers designed these lamps. Artists beautified them.

The lamps are made in floor, table and ceiling units. There are many styles and a selection of silk and parchment shades. Phone or call at our office and see these modern Duplex lamps. Let us send to your home a lamp on approval.

## WASHINGTON IN INAUGURAL PLANS

Continued from Page 1

"Every indication points to sleeping quarters being at a premium by Sunday night," an inaugural committee official said.

Crowds of Old

There is no indication, however, that housing conditions will be as bad as they were for inaugural ceremonies 40 and 50 years ago, when visitors slept on billiard tables and in chairs in hotel lobbies.

Final arrangements for the two-hour parade were completed today. The participation by 25 governors of states with their staffs, troops and national guard bands, together with troops from three other states, promises to offer one of the most interesting and colorful features of the parade.

**Back to Lead**

Gov. C. Douglas Black, of Delaware won the honor of leading the governors in the parade down Pennsylvania avenue. He will be accompanied by a band and a battery of the Delaware coast artillery. Gov. John S. Fisher of Pennsylvania will be second with a picturesque army of 10 battle flags escorted by national guardsmen. New Jersey will be next with Gov. Morgan F. Larson his personal staff, state officials and one troop of cavalry.

Gov. L. G. Harbison of Georgia will follow with his military staff. Gov. John H. Trumbull, of Connecticut next in line, will provide a colorful picture with the governor's foot guards. The governor's horse guards and battery E, 22nd Coast Artillery corps, with Governor Trumbull as a military aide will be Maj. John Goodridge, son of the retiring president and the governor's prospective son-in-law.

**Other Governors**

Other governors who will be in line with troops are Harry F. Byrd, of Virginia with three famous Virginia regiments; C. M. Gardner of North Carolina; Bl. Graves of Alabama; Walter J. Kohler of Wisconsin.

Governors, who will be in the parade with their personal staffs include: R. C. DeLoach, New Mexico; Frank C. Hooper, Wyoming; Theodore Christensen, Minnesota; John Hammond Ioka, Dan Moody, Texas; Doyle R. Clifton, Florida; Fred W. Greene, Michigan; Henry C. Caulfield, Missouri; William T. Gardner, Walter, Louis L. Emmerson, Illinois; Theodore G. Bilbo, Mississippi; Myers Y. Cooper, Ohio; Henry H. Norton, Tennessee; Elmer D. Simpson, John E. Wick, Vermont; Norman S. Case, Rhode Island; Charles W. Tobey, New Hampshire; Frank G. Allen, Massachusetts and John G. Richards, South Carolina.

United States District Attorney General McNabb said that Miss Rubens' husband, Ricardo Cortez, film actor and her mother, Mrs. Teresa Rubens, would be summoned for testimony.

The investigation is in connection with charges that physicians charged with allegedly selling narcotics or granting prescriptions are permitted to make cash "settlements" with the government.

## THREE YEAR OLD KIDNAPING ADMITTED

Continued from Page 1

case in detail and signed it. Duncan Matheson, captain of detectives said.

**No Charges**

Matheson said she probably would not have to answer kidnapping charges that might arise from the latest confession because Barbara's grandmother, Mrs. Edith Altamirina had told him she would not file a complaint for sufficient reason.

"Mrs. Sharp told me that she had taken the Osborn child in May, 1926, for the same reason she had taken Doris, because she wanted to have a baby to love as one of her own," Matheson said.

### Splendid Care

"She and her husband, Carl Sharpe, drove to Los Angeles with Barbara," he continued. She told us how they had fixed up a bed in the back of the car for the girl and gave her splendid care.

"There is no doubt that her husband thought the girl was his wife's own by a previous marriage and was taking her south for relatives to take care of. He thought Doris was the same girl believing she had changed in the three years since he had last seen her."

Matheson said he was glad to obtain the confession, although it would not likely be used against the woman but it would clear up "a puzzling case."

He said Mrs. Sharp explained she had turned Barbara over to a Los Angeles maid in a bus station a week after she had taken her due to a desire for Barbara's return to her relatives.

SAN FRANCISCO, March 1. (U.P.)—Duncan Matheson, captain of detectives here, announced today he was "practically certain" that Mrs. Edna Sharp, 30, confessed kidnapping of Baby Doris, Virginia Murphy, was the abductor of three year old Barbara Osborn in 1926.

Charles Sharp, truck driver and husband of Mrs. Sharp, was taken before Barbara Osborn and said she resembled closely a little girl his wife had had in 1926 and claimed as her own.

He also said, according to Matheson, that a sweater worn by Barbara at that time appeared identical with one on baby Doris when he first saw her two weeks ago.

### Similar Case

The kidnapping of little Barbara was similar in many respects to that of Doris. She was taken from a local department store and was mysteriously found in a Los Angeles stage depot a week later. Matheson's statement followed the preliminary hearing of Mrs. Sharp at which orders were issued for her to be held for trial in superior court on the accusation that she "stole" Doris.

### Hearing Continued

Hearing on the complaint that she kidnapped Doris was continued until April 30, as were charges against her husband and her bail was reduced to \$5000.

The detective chief said he intends to call parents of Barbara to look at the sweater in which Mrs. Sharp dressed Doris to determine whether it had belonged to Barbara.

Mrs. Sharp failed to introduce a defense during the hearing except to declare in a low tone that "all witnesses were lying" while a police officer was reading her confession.

### Near Collapse

She did not take the witness stand to relate her story that she took Doris "to love as a baby of her own" and take the place of "her daughter Betty" whom she said she had taken to Los Angeles "several years ago" to place in the care of relatives. Matheson expressed the belief that "Betty" might have been Barbara.

Hundreds of persons gathered in the police court for the hearing. Mrs. Murphy offered testimony of her daughter's disappearance, and then two of her neighbors identified Mrs. Sharp as the woman who was with Doris shortly before she was kidnapped.

### Seen by Others

Restaurant proprietors then pointed to the defendant as the woman who had come into their place of business a few hours after the abduction with a little girl.

Mrs. Edith Boyle testified Mrs. Sharp had rented a room from her on the day after the kidnapping and had later returned with a child dressed in blue overalls, a muffler that was about the lower part of the face and a stocking cap pulled down over her eyes "to disguise it."

man Carl L. Jacobson, had been missing almost two weeks tonight. When she is located on a bench warrant she will be released only on \$1000 bond pending trial of the indicted men.
